

For the Roof of Your Barn

We can furnish you with a roofing that will resist fire, decay and weather—a wear-proof roofing that will put an end to patching and repair bills. Stop in and we will show you

RU-BER-OID
Pronounced "RU" as in RUBY
ROOFING
COSTS MORE—WEARS LONGER

We recommend **RU-BER-OID** because we know it is the most satisfactory roofing that we can offer. **RU-BER-OID** roofs laid 20 years ago are still giving perfect service. Cheaper roofings will be water-proof for a while, but **RU-BER-OID** is permanently waterproofed with a compound containing high-grade animal and vegetable substances which cannot crack or run. **RU-BER-OID** is solid through and through. It contains no coal tar, sand, mineral fillers or asphaltic oils.

The attractive colors are built into the roofing. The Colored **RU-BER-OID** (Ka-lor-oid) is made in Tile Red and Copper Green. The U. S. Appellate Court has enjoined imitations from using the word "Rubberoid" or any similar name as the trade name or brand of their roofing.

We sell the genuine **RU-BER-OID**, which has the "Ru-ber-oid" Man, shown above, on every roll. Imitations will not last like the real **RU-BER-OID**.

U.S. FINDS VILLA FINANCED HERE

Department of Justice Following Trail to Get the "Men Higher Up"

THE BANDIT ESCAPES CORDON

Felix Diaz Is Said to Have Landed in Tabasco to Start New Revolution in Mexico

Washington, March 31.—Department of Justice agents, following a trail which is said to lead to American sources of supply for Villa, have uncovered evidence in New York and other cities which they believe when fully developed will justify the charge.

The allegation often made that Villa has received aid from German sources, also is being investigated, but no indication has been given as to whether any evidence has been found.

The department is disinclined to act on its evidence that American money and supplies have gone to Villa, while it is in the stage that will involve only subordinates. It intends to pursue the trail if possible to the men higher up.

Although government officials deny that General Felix Diaz has actually landed in Mexico to start a new revolution, news has come through private sources that this is the case. A revolution is said to be brewing in the state of Tabasco and other states bordering the Isthmus of Tehuantepec.

Back of this revolution, which is aimed at Carranza, there are said to be powerful influences in Mexico, commonly referred to as reactionaries. Although Diaz is said to have landed near the boundary between Tabasco and Campeche, it is asserted Diaz is really a figurehead. It has long been the feeling of well-in-

formed persons in Washington, including officials, that Diaz himself was not a strong enough man to win a revolution. Mondragon is one of the men named as really leading the new revolution. The military forces of several of the southern states are expected to join in the movement, according to the private advice received here.

It is emphatically denied, however, that the Guatemalan government is allowing its territory to be used in any way as a base for the revolutionists or for shipment of munitions to the plotters. Representatives of the Guatemalan government here say this is unjust to Guatemala.

Just how serious the movement is cannot yet be judged. In any event, it is said to be in no way hostile to America and Americans. The state department will investigate.

BRITISH STEAMER PUTS AN ARMED GERMAN ASHORE

Matoppe Puts in at Delaware Breakwater Flying Signal Asking for Aid.

Lewes, Del., March 31.—The British steamer Matoppe which sailed from New York Wednesday with munitions and other war supplies for Vladivostok, put in at the Delaware breakwater yesterday flying a signal asking for immediate assistance and later landed a German, who, it is alleged, had two revolvers in his possession. Members of the crew of a pilot boat which landed the man from the steamer said they were told he tried to hold up the crew of the Matoppe. It is not yet known whether he was a member of the crew or a stowaway.

REPORT SYMPATHETIC DIAMOND DISCOVERY

Geneva Laboratory Claims to Have Discovered What Science Has Long Sought.

Geneva, March 31.—The Synthetic diamond, long sought for by science, appears at last to have been discovered, says the Geneva Tribune. "Research work is being carried out at the Geneva laboratory of inorganic chemistry," adds the newspaper, "on the separation of carbonic anhydrides in the form of snow by chlorophyllous pyridine

in solution and other nitrous organic liquids. In the residue, besides free carbons of varying weight, have been found very hard and very heavy white tetrahedral and octohedral crystals, which burned without leaving ashes and were insoluble in aqua regia, possessing, as far as the analyses made up to the present show, all the properties of the diamond."

30 DAYS' SUPPLIES SENT INTO MEXICO

Major Elliott Announces the Shipment Over Mexican Railways.

El Paso, Tex., March 31.—Major Elliott said he has already shipped from El Paso by railway supplies sufficient to feed the expeditionary force in Mexico for 30 days.

IS YOUR HEALTH WORTH \$5.00?

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If you want special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

ECZEMA ON BABY'S FACE AND KNEES

Very Tiny Red Pimples, Changed To Dry, Scaly Crusts, Kept Hands in Bags.

HEALED BY CUTICURA SOAP AND OINTMENT

"When my little girl was a baby she had patches of eczema on her face and over her knees. The breaking out was like very tiny red pimples at first and soon changed to dry scaly crusts, giving a very rough appearance, and causing her much discomfort, and I kept her hands in bags to keep her from scratching."

"I tried several kinds of salves and liquids which did not benefit her and she looked worse. Then I began to use Cuticura Soap and Ointment and soon after she grew better and was quickly healed. I have always kept the Cuticura Soap and Ointment in the house since." (Signed) Mrs. W. H. Knight, 5 East High St., Newbury, Mass., Oct. 19, 1915.

Keep your face young by daily use of Cuticura Soap and Cuticura Ointment.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

RAILROADS FOR OPEN DOOR

Insist on a Full Discussion of Employees' Demands

REJECT EIGHT-HOUR DEMAND

And Present Counter Claims to Their 40,000 Trainmen

New York, March 31.—Eastern railroad managers replied yesterday to the demands of their employees for an eight-hour day and higher rates for overtime work by submitting propositions of their own for discussion. The demands of the employees are not refused, neither is a demand made by the railroad managers for the acceptance of their own proposals. These are submitted for consideration in the negotiations that are expected to follow.

"What the railroads ask for is an open door," their reply states. The reply was sent yesterday to the officials of the four brotherhoods immediately after the receipt of the employees' demands.

The railroad managers demand that there shall be open for discussion these provisions in present schedules of compensation which are "in conflict" with the following principles:

"No double compensation for the same time or service."

"The same classifications for the purpose of compensation to be applied to all members of a train and engine crew."

"Two or more differently paid classes of service performed in the same day or trip to be paid proportionate rates, according to the class of service, with not less than a minimum day for the combined service."

EAST MONTPELIER

L. P. Young was quite ill the last of last week and the first of this and threatened with pneumonia, but is now out and looking after his sugar making.

James Harvey of Barre City was in town Sunday to visit his brother.

Miss Frances Blomfield of Montpelier and the Misses Doris Davis and Mae Wylie of Barre City have been spending part of their Easter vacations at A. G. White's.

Mr. and Mrs. Marshall Lamson have recently moved to the Walker farm, which they bought this past winter, coming from Williamstown, where they had lived several years. Mrs. Lamson is a daughter of our townsman, C. A. Badger, and both are young people we are glad to have come among us to make their home.

Mrs. Harrison Mack is in Cabot with her sister, Mrs. Witham, who is reported very ill and failing.

Mrs. Harry Daniels is now about the house a little, after a long and serious illness.

Albert McKnight has nearly finished his new home and hopes to be settled there early this spring. The house is very attractive and convenient.

Mrs. C. A. Badger recently made a short visit with her daughter, Mrs. Ray Tillotson, in Worcester, Mass., and made the acquaintance of the new grandson there.

VERSHIRE

Harold Bixby is working for L. S. Spear.

Mr. and Mrs. Sherman Melindy of Norwich are rejoicing over the birth of a daughter, born March 27. Mother and daughter are doing well at least report.

Mr. and Mrs. Joseph Sleeper and Mrs. Forrest Tuller visited in Norwich the first of the week.

Sydney Hatching of Fairfield is visiting his brothers and looking after his business interests in town.

Thomas Ricker and Miss Ora Brown were married Wednesday, March 22, and W. Severance and Miss Marietta Dodge were married March 23.

Miss Florence Howe of Waitsfield is helping Mrs. John Sleeper and Vincent Rowell is helping Mr. Sleeper in sugaring.

"Regent"

—a widely famous Morse number considered the standard of conservative style made in a wide variety of staple and fancy fabrics.

\$15 to \$30

MORSE-MADE CLOTHES (UNION-MADE)

HARDLY an industry in the remarkable developments during the last quarter century has experienced so profound an improvement in its fundamentals as the making of ready-for-wear clothing for men.

Point for point considered, there is so little difference between the ready-for-wear Suit and the Custom Made of today that the weight of greater value sets the balance decidedly in favor of the Suit that is ready to be put on.

The wonderful line of "Morse-Made" garments now in our store for Spring is a striking example of the present production of ready-for-wear clothes. Neither in fabrics, nor in tailoring, nor in style, do they admit any superiority.

Their models, more than being simply good, are openly flattered by imitation. Through and through they are dependable, fashionable and irreproachable. Few garments in America can equal them in value at

\$15 \$20 \$25 \$30 \$35

Let us show them to you to day. They will give you a new idea of what your money can buy.

"Morse-Made" Clothes are the highest grade ready-for-wear clothes in America bearing the authorized UNION LABEL.
